ORDER
24.11.2023

On behalf of the respondents, the Categorization Board proceedings for the applicant have been produced which indicate to the effect that the categorization board proceedings dated 29.07.2013 indicate to the effect that the applicant was placed in Low Medical Category A4G4(T-24) pursuant to his injury of Trochantric Fracture Femur Left(Optd) on 22.05.2013. The RMB placed on record dated 28.11.2017 on the record, pursuant to which the applicant was released indicates that he was released in the medical category A4G4(P) thus indicating no aggravation of the disability despite the applicant having not been excused from any duties in terms of the Statement of the Commanding Officer dated 22.02.2018 despite injury sustained by him, which thus indicates that there has been no aggravation. Learned counsel for the applicant has already submitted on 25.05.2023 to the effect that the prayer seeking the grant of disability

element of pension in relation to attributability to military service was not being pressed.

2. In view of the records produced by the respondents, learned counsel for the applicant fairly seeks to withdraw the present OA which is thus dismissed as withdrawn as prayed.
