

COURT NO. 1, ARMED FORCES TRIBUNAL
PRINCIPAL BENCH, NEW DELHI

OA 1235/2019 with MA 1972/2019

Ex Nb Sub Narinder Singh ... Applicant

Versus

Union of India & Ors. ... Respondents

For Applicant : Shri V.S. Kadian, Advocate

For Respondents : Shri Prabodh Kumar, Sr. CGSC

CORAM :

HON'BLE MR. JUSTICE RAJENDRA MENON, CHAIPERSON
HON'BLE REAR ADMIRAL DHIREN VIG, MEMBER (A)

ORDER

MA 1972/2019

Keeping in view the averments made in the application and in the light of the decision in **Union of India and others Vs. Tarsem Singh** (2009(1) AISLJ 371), the delay in filing the OA is condoned.

MA stands disposed of.

OA 1235/2019

2. Invoking the jurisdiction of this Tribunal under Section 14 of the Armed Forces Tribunal Act, 2007, the applicant vide the present OA makes the following prayers:-

“(a) Direct the respondents to treat the disability of the applicant as attributable to or aggravated by military service and grant

him disability element of pension, and benefit of broad banding. And/or

(b) Direct the respondents to pay due arrears of disability element of pension with interest @12% p.a. from the date of discharge with all consequential benefits.

(c) Any other relief which the Hon'ble Tribunal may deem fit and proper in the fact and circumstances of the case along with cost of the application in favour of the applicant and against the respondents. ”

BRIEF FACTS

3. The applicant was enrolled in the Indian Army on 25.07.1997 and was discharged from service on 31.10.2018 under the clause on “On fulfilling the conditions of enrolment under Army Rule 13(3) I (i) (b) at his own request as the individual was unwilling to continue to his service. The Release Medical Board held on 01.08.2018 found the applicant fit to be released in the low medical category S1H1A1P2 (Permanent) E1) for the disability of Generalized Seizures (Old) assessed @ 20% for life while the net qualifying element for disability was recorded as NIL for life on account of the disability being treated as neither attributable to nor aggravated by military service.

4. The initial claim for the grant of disability element of pension of the applicant was adjudicated and rejected by the competent authority and the same was communicated to the applicant vide letter

No. JC-812246M/DE/11/2018 dated 20.11.2018 with an advice that if he was not satisfied with the decision of the Competent Authority, he may prefer an appeal to the Appellate Committee within six months from the date of receipt of the letter. The applicant submitted the First Appeal dated 24.04.2019, which was not replied to till date by the respondents till the date of filing of this OA on 02.08.2019. Aggrieved by this, the applicant has filed the instant OA. In the interest of justice, in terms of Section 21(2) of the AFT Act, 2007, we take up the same for consideration.

CONTENTIONS OF THE PARTIES

5. Placing reliance on the judgment of the Hon'ble Supreme Court in ***Dharamvir Singh v. UOI & Ors [2013 (7) SCC 36]***, the learned counsel for the applicant submitted that no note of any disability was recorded in the service documents of the applicant at the time of the entry into the service, and that he served in the Indian Army at various places in different environmental and service conditions in his prolonged service and thus thereby, any disability that arose during his service has to be deemed to be attributable to or aggravated by military service. It is further submitted

by the learned counsel that the said disability of the applicant is due to stress and strain of the military service.

6. On behalf of the applicant, further reliance was also placed on the verdicts of the Hon'ble Supreme Court in the case of **Union of India Vs. Rajbir Singh** 2015(12) SCC 264 and **Sukhvinder Singh Vs UoI**, 2014 (14) SCC 364. The applicant also placed reliance on judgment of Hon'ble High Court of Delhi in **Mahvir Singh Narwal Vs UoI** reported in (111(2004) DLT 550) and on the order of the AFT, Principal Bench, New Delhi in OA No. 336/2011 titled **Maj (Retd) Rajesh Kumar Bhardwaj vs. UOI & Ors.**, wherein similarly situated personnel was given relief.

7. The learned counsel for the respondents submits that under the provisions of Rule 53 of the Pension Regulations for the Army-2008 (Part-1), the primary condition for the grant of disability pension is invalidation out of service on account of a disability which is attributable to or aggravated by military service and is assessed 20% or more. The learned counsel further submits that since the applicant's disability occurred in peace station, his disability was as declared 'NANA' by the RMB and his claim for the grant of the disability was rejected by the competent authority and thus

the applicant is not entitled to the grant of the disability pension.

ANALYSIS

8. On the careful perusal of the materials available on record and also the submissions made on behalf of the parties, we are of the view that it is not in dispute that the extent of disability was assessed to be 20% which is the bare minimum for grant of disability pension in terms of Para 53 of the Pension Regulations for the Army-2008, (Part-1). The only question that arises for consideration is whether the disability suffered by the applicant was attributable to or aggravated by military service.

9. The issue of attributability of a disability is no longer *res integra* in view of the verdict of the Hon'ble Apex Court in ***Dharamvir Singh v. Union of India (supra)***, wherein it is clearly spelt out that any disease contracted during service is presumed to be attributable to military service, if there is no record of any ailment at the time of entry into the Military Service.

10. Para 33 of the Guide to Medical Officers (Military Pensions) 2002, amendment 2008, (GMO(MP) 2008),

stipulates the conditions for assessing attributability of 'Epilepsy' and is reproduced as hereunder:

"33. Epilepsy

This is a disease which may develop at any age without obvious discoverable cause. The persons who develop epilepsy while serving in forces are commonly adolescents with or without ascertainable family history of disease. The onset of epilepsy does not exclude constitutional idiopathic type of epilepsy but possibility of organic lesion of the brain associated with cerebral trauma, infections (meningitis, cysticercus, encephalitis, TB) cerebral anoxia in relation to service in HAA, cerebral infraction and hemorrhage, and certain metabolic (diabetes) and demyelinating disease should be kept in mind.

The factors which may trigger the seizures are sleep deprivation, emotional stress, physical and mental exhaustion, infection and pyrexia and loud noise. Acceptance is on the basis of attributability if the cause is infection, service related trauma.

Epilepsy can develop after time lag/latent period of 7 years from the exposure to offending agent (Trauma, Infection, TB). This factor should be borne in mind before rejecting epilepsy cases.

Where evidence exists that a person while on active service such as participation in battles, warlike front line operation, bombing, siege, jungle war-fare training or intensive military training with troops, service in HAA, strenuous operational duties in aid of civil power, LRP on mountains, high altitude flying, prolonged afloat service and deep sea diving, service in submarine, entitlement of attributability will be appropriate if the attack takes place within 6 months. Where the genetic factor is predominant and attack occurs after 6 months, possibility of aggravation may be considered."

11. Furthermore, Regulation 423(a) of the Regulations for the Medical Services of the Armed Forces 2010 which relates to 'Attributability to Service' provides as under:-

"423. (a). For the purpose of determining whether the cause of a disability or death resulting from disease is or not attributable to Service. It is immaterial whether the cause giving rise to the disability or death occurred in an area declared to be a Field Area/Active Service area or under normal peace conditions. It is however, essential to establish whether the disability or death bore a causal connection with the service conditions. All evidences both direct and circumstantial will be taken into account and benefit of reasonable doubt, if any, will be given to the individual. The evidence to be accepted as reasonable doubt for the purpose of these instructions should be of a degree of cogency, which though not reaching certainty, nevertheless carries a high degree of probability. In this connection, it will be remembered that proof beyond reasonable doubt does not mean proof beyond a shadow of doubt. If the evidence is so strong against an individual as to leave only a remote possibility in his/her favor, which can be dismissed with the sentence "of course it is possible but not in the least probable" the case is proved beyond reasonable doubt. If on the other hand, the evidence be so evenly balanced as to render impracticable a determinate conclusion one way or the other, then the case would be one in which the benefit of the doubt could be given more liberally to the individual, in case occurring in Field Service/Active Service areas.

(emphasis supplied),—

has not been obliterated.

12. The Entitlement Rules for Casualty Pensionary Awards, to the Armed Forces Personnel 2008, which take

effect from 01.01.2008 provide vide Paras 6,7,10,11 thereof
as under:

"6. Causal connection:

For award of disability pension/special family pension, a causal connection between disability or death and military service has to be established by appropriate authorities.

7. Onus of proof:

Ordinarily the claimant will not be called upon to prove the condition of entitlement. However, where the claim is preferred after 15 years of discharge/retirement/ invalidment/ release by which time the service documents of the claimant are destroyed after the prescribed retention period, the onus to prove the entitlement would lie on the claimant.

10. Attributability:

(a) Injuries:

In respect of accidents or injuries, the following rules shall be observed:

- i) Injuries sustained when the individual is 'on duty', as defined, shall be treated as attributable to military service, (provided a nexus between injury and military service is established).**
- ii) In cases of self-inflicted injuries while 'on duty', attributability shall not be conceded unless it is established that service factors were responsible for such action.**

(b) Disease:

(i) For acceptance of a disease as attributable to military service, the following two conditions must be satisfied simultaneously:-

- (a) that the disease has arisen during the period of military service, and**
- (b) that the disease has been caused by the conditions of employment in military service.**

(ii) Disease due to infection arising in service other than that transmitted through sexual contact shall merit an entitlement of attributability and where the disease may have been contracted prior to enrolment or during leave, the incubation period of

the disease will be taken into consideration on the basis of clinical courses as determined by the competent medical authority.

(iii) If nothing at all is known about the cause of disease and the presumption of the entitlement in favour of the claimant is not rebutted, attributability should be conceded on the basis of the clinical picture and current scientific medical application.

(iv) when the diagnosis and/or treatment of a disease was faulty, unsatisfactory or delayed due to exigencies of service, disability caused due to any adverse effects arising as a complication shall be conceded as attributable.

11. Aggravation:

A disability shall be conceded aggravated by service if its onset is hastened or the subsequent course is worsened by specific conditions of military service, such as posted in places of extreme climatic conditions, environmental factors related to service conditions e.g. Fields, Operations, High Altitude etc."

thus, the ratio of the verdicts in **Dharamvir Singh Vs. Union Of India & Ors.** (Civil Appeal No. 4949/2013) (2013) 7 SCC 316, **Sukhvinder Singh Vs UOI &Ors,** dated 25.06.2014 reported in 2014 STPL (Web) 468 SC, **UOI &Ors. Vs Rajbir Singh** (2015) 12 SCC 264, as laid down by the Hon'ble Supreme Court are the fulcrum of these rules as well.

13. In the instant case, the applicant was enrolled in the Indian Army on 25.07.1997 and was discharged on 31.10.2018, served in the Army for 21 years and 3 months. As per the opinion of the medical specialist placed

at page 31 of the OA, the applicant started having seizure since 2014 i.e. after almost 16 years of long service, and thereafter had recurrence of seizure in March 2018, when he was posted to Jaipur, Rajasthan.

14. From the posting profile of the applicant as mentioned in the Personal Statement of the Medical Board Proceedings, the applicant is found to be on two modified field area postings along with one field posting, where the applicant was likely to have been subjected to sleep deprivation, emotional stress, physical and mental exhaustion and loud noise which are considered to be the triggering factors for the disability of Seizure as per Para 33 of the GMO (Mil Pen) 2008, cannot be overlooked. Since, the applicant was posted to field area from 15.10.2007 to 23.01.2010 at HQ CIF (U), GSI, and only after 4 years of the field posting the applicant had the first episode of seizure in 2014 which reoccurred in the year 2018, hence, the latency period of 7 years for developing the disability of Epilepsy and its manifestation thereafter on being subjected to service related trauma in terms of Para 33 of the GMO (Mil Pen) 2008 cannot be overlooked and the disability of seizure has to be conceded

as being attributable to or aggravated by service in the instant case.

15. Regarding broad-banding benefits, we find that the Hon'ble Supreme Court in its order dated 10.12.2014 in ***Union of India v. Ram Avtar, Civil Appeal No. 418 of 2012*** and connected cases, has observed that individuals similarly placed as the applicant are entitled to rounding off the disability element of pension. We also find that the Government of India vide its Letter No. F.No.3(11)2010-D (Pen/Legal) Pt V, Ministry of Defence dated 18th April 2016 has issued instructions for implementation of the Hon'ble Supreme Court order dated 10.12.2014 (supra).

CONCLUSION

16. Therefore, in view of our analysis, the OA 1235/2019 is allowed and the respondents are directed to ***grant the benefit of the disability element of pension @ 20% for life (for Seizure) rounded off to 50% for life in view of judgment of the Hon'ble Apex Court in Ram Avtar (supra) from the date of discharge i.e. 31.10.2018.*** The arrears shall be disbursed to the applicant within

three months of receipt of this order failing which it shall earn interest @ 6% p.a. till the actual date of payment.

17. No order as to costs.

Pronounced in the open Court on 19th day of November, 2024.
